HILLGREST MINES

LOTS ON THE Hood Addition ARE NOW ON SALE And Going Fast

WHY? Because they are the Biggest Lots in the District! The Best Soil and Spring Water right at the door. These Lots are almost Twice as Big as any other Lots, and therefore they are just twice as cheap.

Everybody comes to the HOOD ADDITION for a good drink of spring water, and a good view of the beautiful surrounding country.

Now is the time to get in on the Ground Floor in the Best Mining Camp in Alberta

Happenings in and Around Bellevue

Nurse Fraser, who had been in town for some time assisting Dr. Mackenzie, left for Medicine Hat this week.

The new building for the Union Bank of Canada is nearing completion and is a fine addition to the town.

George Copeland, who has been in town for some time, has resigned his position as fire boss and gone east to Lethbridge.

A memorial service will be held some time in November, in memory of the man who was killed by the explosion of 1910.

Rev. J. F. Hunter, of the central Baptist church, Blairmore, occupied the pulpit at the Methodist church here on Sunday night.

Joseph McGuff has received word that he has been successful in securing a fire-boss' pass as a result of the recent examinations at Frank.

Quite a number of the Bellevue boys went to Macleod last week to take in the celebration in honor of T. R. H. the Duke and Duchess of Connaught.

The school trustees have got busy at last and are now calling for tenders for a four-room school, which they expect to have completed before the winter weather sets in.

Winnie, the little daughter of John and Mrs. Oliphant, died on Sunday last. It is understood that the little girl picked and ate some poisonous berries, with fatal results. The remains were laid to rest at the Hillcrest cemetery, Rev. W. Young officiating. The friends of Mr. and Mrs. Oliphant extend their sincere sympathy to the bereaved.

Hillcrest Jottings

W. Hutchison of the department of mines Ottawa was in Hillcrest on Saturday last gathering information for the compilation of a new contour and geographical map of the Crow's Nest Pass coalfield.

Wm. Hutchison, formerly the civil engineer for the coal company here is in town once again visiting his old friends and expatiating on the virtues of his holdings on the main line.

H. J. Cunningham, until lately the manager of the Union hotel at Hillcrest, was in town for several days during the week renewing old acquaintances and attending to business in connection with the transfer of his lease to the present proprietor.

John O. Jones was a visitor to Hillcrest during the week straightening up affairs connected with the United Mine Workers of America. Mr. and Mrs. Jones left for Lethbridge on Thursday morning when he had been commanded to lunch with T. R. H. Frank J. Smith accompanied him and returned on Friday evening's train reporting that the Duke wasn't changed a bit.

The long delayed medals for the team that taught Burns how to be sporty have at last arrived and secretary Briller is busy distributing them among their rightful owners. The medal is an artistic affair of solid gold with a Roman finish. It is quite a treat to see a decent medal once again after the given-free-with-a-pound-of-tea trinkets a champion team usually get as their reward for a season's hard work.

A collection was taken up in and around the mine in aid of Charles Beaver who has certainly had some hard luck. At the present time it is doubtful if he will be able to work again as he is suffering from paralysis of the feet, a disease common among stonemasons which trouble Beaver has followed practically all his life. The amount collected totaled over one hundred and fifty dollars and will materially assist this deserving unfortunate and his family through the coming winter.

The Bellevue miners have challenged the Hillcrest miners to play a football game for the usual stakes on Thanksgiving Day. Needless to say this challenge was immediately taken up and despite the enviable reputation the Bellevue team has honestly earned, the boosters from Hillcrest will be testing the lines in the hopes of seeing their team come out on top. While Hillcrest has recently lost two or three of their crack players several well known players have recently shifted the scene of their labors to this

Happenings in and Around Frank

Seventeen cottages of the coal company have been moved to the new site under the supervision of Thomas Scott of Pincher Creek.

The Crown Nest Hardware company this week finished installing the heating and plumbing in the Union Bank at Bellevue. The firm will start work on the Passburg school in a few days also putting in a steam heating plant.

C. W. Palmer, of Butte, Mont., arrived in Frank the first of the week. Mr. Palmer has the contract for moving the business houses of this place to the new site close to the Sanatorium. It is reported that Mr. Palmer will immediately start work moving the balance of the town.

The government crew of road builders who have been working in this vicinity for the past month fixing up the roads between Lindbergh and Crown Nest have certainly done an excellent piece of work on the east approach of the slide. But thus far there has been no work started on the poorest piece of road in the Crown Nest Pass and which is needed the worst way—the Frank slide. From Frank to the Crown Nest the road is very fine and also to the east of here and when the road is put in condition over the slide it will be the finest in Southern Alberta.

Little town and while it is impossible to forecast the climate result of the game it is certain that this match, probably the last of the season, will be well worth while watching.

At a meeting of the trustees of the Hillcrest school district Messrs. A. Hood (Chairman), F. Long and J. Brown were present. The question of appointing a secretary to take the place of Wm. Karm was the first business transacted and Mr. Marshall was unanimously elected. Mr. Marshall, in the interim between closing the P. E. R. and preceding over his Sunday school of the latter day session in his laboratory near Appleton, has been very willing to accept the role of holding property in this regard to close and snuff up.

C. B. Gordon, the millionaire President of the Hillcrest Collieries Limited in company with J. M. Mackie, the managing director of the same company, both of Montreal, were in Hillcrest last week inspecting their property here. During their stay they were shown over the mine and from the way they got over the ground might have been accustomed to it all their lives. Mr. Gordon left for Calgary on Thursday evening's train while Mr. Mackie stayed over and took the Monday morning train through to Spokane.

The proposed skating rink for Hillcrest looks like becoming an accomplished fact before very long. About three hundred dollars has already been subscribed and although this is not considered sufficient to finance the rink for the whole winter by dint of putting on a few lucky games and carnivals we believe that no one will be out of pocket next spring. In this connection there is a rumor that if Hillcrest gets a hockey team going a league will be formed along the same lines as the one in force last year. We understand that Pincher will not enter a team and that the teams will come from Coleman, Blairmore, Bellevue and Hillcrest. Up to the present there has been nothing done towards forming a skating club in any of the small towns lying east of Bellevue and Hillcrest, which is a pity, as the more teams entering the league necessarily makes the games of greater interest to everyone. Come on in and get your feet wet.

Having recovered completely from the grand celebration held in honor of the presentation of the Burnie Cup to the Hillcrest Football Club we again feel capable of conversing through the medium of the Hillcrest & Burnie Times with our friend the enemy of the play at Gossstown. By the way, at the smoke to which we went as previously stated solely with the hope of seeing that much talked about and over-meat animal, the guinea, we noticed one hoary headed old prostrate with a shaggy grin and a gleam stare whom we imagined might possibly become other than Mr. President himself especially as during the after-presentation discussion on the ownership of the cup his shouts of "Burnie-burnie-burnie" drew the attention of all to this old warning of the fruits of overindulgence. Better club on again old boy if you don't want when its time to take a smoke instead.

By-Law No. 16

A BY-LAW to provide for the borrowing of a sum of money for the purpose of constructing certain extensions to the present water works system in the Town of Blairmore.

WHEREAS it is deemed expedient that the sum of \$15,000 be borrowed on the credit of The Town of Blairmore, to construct certain extensions to the present water works system as a public work;

AND WHEREAS it is deemed expedient that the said indebtedness be secured hereby by a mortgage on a period of twenty years from the date on which the By-Law is to take effect;

And WHEREAS the amount of the rateable property in The Town of Blairmore, according to the last revised assessment roll is the sum of \$500,588.

AND WHEREAS the total amount of the existing debt of the Town of Blairmore is the sum of \$45,000, of which no part of the principal or interest is in arrears.

AND WHEREAS the said Town of Blairmore has obtained from the Province of Alberta a certificate signed by the Chairman, certifying as is provided in Sections 11 and 12 of "The Public Health Act," 1900, Chapter 17;

THEREFORE the Mayor and Council of The Town of Blairmore enact as follows:

1. That the Council of The Town of Blairmore do hereby authorize and empower the Mayor and Council to borrow a sum of money not exceeding in the aggregate the sum of \$15,000.
2. That the said sum of \$15,000 is hereby appropriated for the purpose of constructing an extension to the present system of water works as a Public Work for the use and domestic purposes.
3. That the said indebtedness shall be paid during a period of twenty years from the date on which this By-Law is to take effect and shall bear interest at a rate not exceeding five per cent per annum and shall be repayable in such installments as the Council may determine.
4. That the said sum of \$15,000 shall be raised by loan upon the credit of the Town, and the Mayor and the Secretary-Treasurer are hereby authorized and empowered to execute and deliver to the lender a mortgage in the sum of \$15,000 or any multiple thereof not exceeding in the aggregate the sum of \$15,000, payable in twenty equal payments or installments annually of principal and interest from the date of this By-Law and the coupons shall be attached to the said debentures for the principal and interest payable annually in arrears.
5. That the said debentures shall be secured with the Corporation Seal and countersigned by the Mayor and the Secretary-Treasurer of the Town of Blairmore.
6. That the coupons shall be signed by the Mayor and countersigned by the Secretary-Treasurer of the Town of Blairmore.
7. That the said debentures and coupons shall be payable at the office of the Secretary-Treasurer of the Town of Blairmore.
8. During the currency of the said several debentures there shall be raised annually by a special general rate or rates payable by the said Town at the same time and in the same manner as the ordinary town taxes a sum sufficient to meet the annual installment of principal and interest.
9. That this By-Law shall take effect and come into force on the day of the first passing thereof.
10. The votes of the burgesses of the Town of Blairmore shall be taken on Thursday, 7th day of November, 1912, at the office of the Secretary-Treasurer commencing at the hour of one o'clock in the forenoon and continuing until the hour of seven o'clock in the evening of the same day, and the returning officer for the taking of the said vote shall be W. L. Shiera, Esq.
11. The returning officer shall sign up the number of votes for and against the By-Law on Friday, 8th day of November, 1912, at the hour of one o'clock at the office of the Secretary-Treasurer and there shall be the result, and shall forthwith certify to the County Clerk his said result of not less than two-thirds of the burgesses voting upon the By-Law have approved of the same.
12. That the By-Law shall be finally considered by the Council at a meeting to be held on Friday, 8th day of November, 1912, commencing at eight o'clock in the evening and if the same has been assented to by the burgesses, shall be finally passed.

Read in open Council the first and second time the 14th day of October, 1912.

HENRY E. LYON,

Mayor

WILLIAM L. SHERA

Secretary-Treasurer

Notice To The Electors of The Town of Blairmore

NOTICE IS HEREBY GIVEN that the foregoing is a true copy of a proposition to be taken into consideration by the Council of The Town of Blairmore, after being voted upon by the burgesses, that the date of the publication of the proposed By-Law is Thursday, 17th day of October, 1912, in the afternoon of the same day the burgesses of the Town of Blairmore, and the votes of the burgesses shall be taken upon the proposed By-Law on Thursday, 21st day of October, 1912, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon of the same day in the Office of the Secretary-Treasurer of The Town of Blairmore.

DATED AT BLAIRMORE, in the Province of Alberta, this 16th day of October, A. D. 1912.

W. L. SHERA

Secretary-Treasurer

Criminal Assizes

At Macleod
The court of criminal juris-
diction opened at Macleod last week
with a long docket of criminal
charges to be discussed before His
Lordship Chief Justice Harvey.

In the early part of the week
several cases of minor importance
were disposed of.

Jasbec was acquitted on Wed-
nesday by jury, on the charge of
murder, but was given suspended
sentence on theft charge.

On Thursday the case against
Thomas Marsh, of Bellevue, on the
charge of perjury, came up for
hearing. Marsh was charged at the
instance of Sgt. Bower, of the R.
N.W.M.P., with having on a pre-
vious date at Bellevue made use
of a false statement while under oath,
with intent to mislead justice. A
jury was summoned at the request
of Marsh. Several crown witness-
es were examined, as also several
witnesses for the accused. The case
occupied the greater part of the
day, and in spite of Marsh's
pleading "not guilty," the jury
returned at 3 p.m. after but a 30-
minutes' session, with a verdict of
"guilty."

Before the jury repaired to their
room they were addressed by Mr.
Brokoviak, crown prosecutor, Mr.
Palmer, the defense lawyer, and
finally by His Lordship. The latter
pointed out the seriousness of
the charge brought against the
prisoner, stating that while the
falsehood in question was contended
to have been made more through
the act of joking than with a real
intent to mislead justice, still such
a practice could not be tolerated
and that no other verdict was
reasonable to expect than that of
"guilty."

The sentence in this case has
not yet been delivered.
On Thursday afternoon the case
against Thomas Egan, an ex-con-
tractor with the C.N.R. for
"forgery" and "utterance" came
up for hearing. At Egan's request
a jury was summoned. Egan was
charged with having in December
last forged a legal document or
cheque by having altered the date
from December 4th to 14th and the
figures \$7.10 to \$70.10. Also the
second charge of passing or cashing
a document, knowing same to have
been forged and worthless.

Several witnesses were called
by the crown, some of whom de-
posed definitely as to the change
in the date and the marginal fig-
ures. One Thomas Lawson, the
maker of the document, and book-
keeper for O'Connor & Sullivan at
the time the cheque came into
existence, testified to having made
out the cheque with the date De-
cember 4 and marginal figures for
\$7.10, while he admitted having
later noticed that through an error
of his own the body lines of the
document contained the words
"Seventy-Dollars and Ten Cents"
instead of the \$7.10.

The cheque in question was
issued by Lawson on behalf of
O'Connor & Sullivan, in favor of
Mrs. Russell and in payment for
supplies obtained by Thomas
Egan. The amount of Mrs. Rus-
sell's account was \$8.10 being pay-
ment for 30 pounds of butter at
27 cent per pound, so that an ap-
parent error occurred in the first
making of the document. The
cheque was sent Mrs. Russell,
who afterwards noticed the mis-
takes and took it back to Egan for
rectification. Egan gave Mrs. Rus-
sell \$8.10 cash for the cheque and
a endorsed later and cashed it at
the Canadian Bank of Commerce
at Macleod for the sum of \$70.10.

Three lawyers defended Egan on
the case, Messrs Stewart, Palmer
and Gray. Mr. Stewart made a
very strong plea on behalf of his
client, his remarks covering nearly
three quarters of an hour.

After dinner the jury were ad-
dressed by crown prosecutor Brok-
oviak and His Lordship, after
which they retired. They returned
to the court room a half-hour
later and declared through their
foreman, Mr. Lancaster, that they

Mr. John Smith

Seriously Ill
Word was received in Blairmore
on Tuesday of the serious illness
of Mr. John Smith at Ladysmith,
B.C. Mr. Smith was for few years
a resident of Blairmore, and but
last spring left for Dauphin, Man-
itoba, where his youngest son
Walter was engaged in farming.
Since then Mr. and Mrs. Smith
have moved down to the Pacific
Coast with their daughter, Mrs.
Herbert Hargreaves.

John Smith, the eldest son, who
is manager of the Trites-Woods
stores at Coal Creek, left Fernie
for the coast on Tuesday morning.
From last advices very little hope
was entertained for Mr. Smith's
recovery.

Information Wanted

A year or two ago, a man by the
name of W.E. Edwards, represent-
ing a firm known as the Kootenay
Fruit Land Syndicate, of whom
Illingworth & Murphy, of Vancou-
ver, were agents, canvassed the
Crows' Nest Pass district, selling
stock or fruit lands. Quite a num-
ber of people in The Pass were
duped to invest their surplus capi-
tal in the concern, and now man of
them fear that they were the vic-
tims of a fakir. The name of the
company has since been changed to
the Fire Valley Orchard, Limited,
under which the firm organiza-
tion is now known. A movement
towards investigation is now on
foot, and it is requested that all
those who figured with the concern
send their names and particulars
to Drawer E, Blairmore, Alta.

Here is a woman who speaks from
personal knowledge and long ex-
perience, viz. Mrs. P.H. Brogan, of
Wilson, Pa., who says, "I know from
experience that Chamberlain's Cough
Remedy is far superior to any other.
For cough there is nothing that equals
it." For sale by all dealers.

At The Sanatorium

The following were among those
registered at the Rocky Mountain
Sanatorium during the week: F.
Aspinall, Robert Livingstone, S.A.
Jones, J. W. Holmes, W. H.
DeLong, W. Cook, C. McLean, R.
Hicks, E. Guilbault, Lethbridge;
A. N. Scott, A. H. McKay, W. M.
Buckler, D. R. O'Neill, Rev. Lip-
sett, R. Boyd, Eugene E. Harlow,
Edith Clark, T. Brown, Calgary;
R. H. Morris, Pochontas; E.
Theur, Toronto; J. Fawcett, L. R.
Peacock, Winnipeg; John Brown,
W. Hutcheson, J. O. Jones Hill-
crest; J. Emmerson, W. A. David-
son, J. H. Ross, Coleman; J. E.
Wood, T. Scott, Pincher
Creek; A. F. McComb, A. J. Carter,
A. K. Lavan, Fernie; Miss E.
Leroy, Mrs. Newell, Wm. McNul-
ty, P. Bentley, W. Wilkinson, Mr.
and Mrs. Mole, Vancouver; Thom-
as N. Welby, Quebec; H. Forsk,
Earl Wise, A. D. McGill, Regina;
W. J. Gamble, Montreal; F. H.
Haney, St. Catherine's, Ont.; F.
Low, Chicago; P. H. Pugar, Paris;
T. Ferguson, Red Lodge, Mont.; S.
Shone, C. Stubbs, James Burke,
Bellevue; J. C. Anderson, Granum;
H. H. Fitzsimmons and wife, H. E.
Middle, Burnaby; J. H. Mitchell,
Sir George and Lady Askwild;
London, England; J. W. Sterling,
Edmonton; E. Perrier, Nelson,
B. C.

J. W. Copeland, of Dayton, Ohio,
purchased a bottle of Chamberlain's
Cough Remedy for his boy who had
a cold, and before the bottle was
used the boy's cold was gone. Is that not
better than to pay a five dollar
doctor's bill? For sale by all dealers.

"Could not agree upon the former
charge that of forgery—but found
the accused guilty of uttering a
false or forged document."

"On Monday of this week the case
of Tim Lebel versus a number of
persons for 'offences' that will be
interesting to those in the immedi-
ate district of Pincher Creek came
up for hearing. A large number
of witnesses for both the crown
and the defense were present and
the hearing occupied a couple of
days.

LOOF
Blairmore Lodge, No. 64, meets in their
Hall, 380 Victoria St., every Tuesday at
8 o'clock. Visiting brethren welcome.
W. J. BARTLETT, N.G. C. LEWIS, R. Secy

A Million Dollars Saved

The annual replacement of cross-ties in Canadian railway lines is about 10,000,000, according to statistics compiled by the Forestry Branch of the Department of the Interior. The average life of a tie, i.e., seven years, could be prolonged to seventeen years if proper preservative treatment were adopted, and an annual saving of 550 million feet, board measure, of timber, could be effected. This is equivalent to three years' of one of the largest mills in the country.

While the initial expense of cross-treating would bring the cost per tie from 65 to 95 cents it would save \$1,400,000 annually.

Since 1910 two timber-treating plants have been established, treating in 1911, 206,209 ties, or 1.5 per cent of the total cut.

The number of ties purchased in the Dominion in 1911 was 13,683,770, an increase of 4,469,808, or 48.5 per cent over 1910.

The rapid development of railways in the Western Provinces is largely responsible for this increase.

Eighteen kinds of wood were used. Jack pine, with 40 per cent; tamarack, with 19 per cent; Douglas fir (used to a very great extent in new electric lines in British Columbia) with 14 per cent, and hemlock, with 12 per cent, were the leaders. A remarkable change is that of cedar, in decreasing from 40 per cent to 5.4 per cent of the total.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

REGRETYPE TYPES PROMISED FOR THE FALL

are most at ease when gowned in moderately clinging skirts. But in connection with skirts the latest sensation model in tailor makes is the "jupes pantalons," or pantalon skirt. This recent Parisian caprice has little in common with the erstwhile harem

close gatherings at the waist line, coned by small buckles similar to those used on a man's trousers. At each side of the skirt is a pocket, and to complete the resemblance to masculine attire braces fastened by buttons back and front hold up the skirt.

This costume, needless to say, will be adopted only by girls who go in for extremes in dress. And the wearer of the "jupes pantalons," when sitting around at her club, smoking cigarettes, will look like a first night like a man in shirt sleeves.

front and about the startling armholes. They scarlet satin blouse set close together, follow the line of piping. White satin shirts have small crystal buttons, and fastenings are stayed by this new shirt, is the opening for three or four buttons below the blouse collar, a slight blotter of flesh colored chiffon being worn in the opening. This gives the waist an unusual effect, and the designer discovers that the effect is "faked."

To come back to skirts once more, there is every reason to believe that plaits will be introduced in the straight, narrow tailor made models. Some of the plaits appear in a novel arrangement at the side and others as a back finish, but in every instance they are pressed or stitched very flat, and the skirt does not measure more than two and a half yards about the bottom. For dressier costumes the accordion plaited jupe is seen even now on imported frocks and in its new guise is scant and clinging. Then there is the plaited underskirt, almost a ruff effect at the bottom of a skirt, up about two feet deep, with a panicle or tulle drapery at the top, that is a very favoring skirt just now and is a particularly good model for silk and this material.

One of the newest fashions for late summer and early fall combines three or more materials in a gown and always two or more colors. The long skirt seen in the illustration, with its dark taffeta coat, is an example of contrast in fabrics, while the blue serge illustrated is a study in color effects. Very simple in line is this coat of green and gold taffeta worn above a frock of cream net. The coat is almost a straight tunic, with Magenta sleeves put in one with the garment, but the exaggerated collar and cuffs in rich cream lace lend it much distinction. Rows of tiny green glass buttons are set on the lace as an extra trimming touch. This is a French dress and is accompanied a lovely lingerie frock of net and lace. The skirt only appears in the cut.

The colonial colors, navy blue and buff, are represented in the dainty little tunic, with Magenta sleeves and a serge designed for a September bride. The coat is gracefully cut, and the walking skirt is short enough to reveal buttoned boots of dull calf.

Among the illustrations is to be found a type of the directoire costumes that are promised for fall. As you see, it is the masculine rather than the feminine dress of the directoire period that has inspired autumn fashions. This suit is of white broadcloth, and the directoire coat is worn with a belt of empire green leather. Embroidered white silk gloves meet the shaded sleeves.

CATHERINE TALBOT.

Butterfly Effects

THERE is at present a craze for butterfly effects. The design flutters on parasol tops, on smart valises and is worked in wonderful iridescent effects on the new trimmings.

The winged favorite is used also as shoe buckles, brooches, cuff ornaments, and beautiful designs are seen in enamel and small diamonds. Black satin and velvet butterfly bows edged with brilliant or colored stones are lovely. The material is slipped into a frame, and thus any color can be added to the diamonds rimmed bow.

TRAVELING SUIT FOR THE SEPTEMBER BRIDE.

THERE are two styles predicted for fall, a revival of the directoire types and the pasties in the modes—not, however, the panner of old times, but the new panner of 1913, which is a strange rendering of the original idea. In many instances it looks only like an over-skirt that is turned over and fastened down around the hem—an inverted bag, as it has been called.

Women have been so devoted to the long, slim line that, as a rule, they do not welcome with any degree of enthusiasm the idea of being made to look like bolsters with stripes around the middle, which undoubtedly is the silhouette presented by the ultra panner skirt of today.

"Give us long, straight lines for our tailor makes and we will submit to drape and hip effects for our less formal costumes," said a woman recently when interviewing her dressmaker about the ordering of "a few fall frocks."

This opinion will be echoed by the majority of women, who look best and

DIRECTOIRE MODEL IN WHITE CLOTH.

skirt of fame except that the harem had the bottom of the skirt, while the "jupes pantalons" gives us the top of the same garment. This latest development is a skirt with a series of little

SOME "DON'TS" WHEN VISITING

THERE are girls who always appear to get more invitations than they can accept and who are asked to the same houses over and over again, while other fair ones, just as charming and delightful to all outward view, never by any chance receive second invitations.

The popular visitor is a tactful individual who has the knack of so mending her individuality to that of the family of which she is a temporary member that she scarcely seems a visitor, yet she never makes the terrible mistake of usurping family privileges.

She is not late for breakfast or any other meal. She does not give orders to servants or in any way attempt to change the household routine.

When she is asked where she would like to go or what she would like to do she answers frankly. There is nothing more irritating than the "Oh, I don't want to be in the least" or "Whatever you like" reply. The desirable visitor excurses her tact, however, in this as in all other things and takes care not to suggest fatiguing excursions to a hostess less youthful active than herself or force a host perhaps not too well dowered with this world's goods into needless expense. If you desire to be a pleasing visitor do so by being energetically bent on "helping." If you keep your eyes open it will become evident if there are small services you can render any member of the household.

But the girl who insists on cooking some particular dish or "doing the flowers"—in both cases requiring half an hour's attendance getting her properties together—is an unmitigated nuisance.

Don't monopolize your host's special chair or use his writing table without his direct suggestion. Don't litter the living room with your possessions or leave your own room untidy. Don't just because you are visiting, sit down and expect to be entertained all day long. Arrange to go walking or "write letters" in your bedroom for an hour or two a day.

Remembering these things, you also will be of the visitors whose visits, unlike those of angels, are not few and far between.

Worth Remembering

To cultivate laughter. A good laugh is better than medicine, as a rule. To always keep your troubles to yourself. Most people are too busy to be bothered with or interested in your sorrows.

Be possible, to learn how to tell a good story and in this way amuse and entertain others.

To always try to look on the bright side of life. Don't see the good in people and things and overlook the bad. We can always find something that is good, even if it is just everything seems utterly bad.

If you are suffering, to try to hide your aches and pains under a bright and cheerful countenance, and, if possible, a sunny smile and a hearty laugh. It will help you as much as those around you.

That a good humored man or woman is always welcome and a foolish one is never wanted.

GRACEFUL EFFECT

THIS new scarf arrangements are really so elaborate that they become part of the bodice trimming. This idea is carried out on the gown seen in the illustration. The long drapery of black silk netting is studied

thoroughly the idea of being made to look like bolsters with stripes around the middle, which undoubtedly is the silhouette presented by the ultra panner skirt of today.

"Give us long, straight lines for our tailor makes and we will submit to drape and hip effects for our less formal costumes," said a woman recently when interviewing her dressmaker about the ordering of "a few fall frocks."

BE CAREFUL IN PREPARING VEGETABLES

IF vegetables are quite fresh are brought into the kitchen there is no hope of ever restoring them to first class condition. Even good vegetables will not be at their very best if not properly cared for after they have been received.

Most housewives think that washing vegetables with water is the last word in carefulness. So it is if the water is above suspicion, but when water is not considered safe for drinking it should be boiled as well for washing vegetables as it should be for family consumption.

As to the best way of washing vegetables, a few cautions will not come amiss. Run people never eat asparagus at table unless it has been prepared by someone who is careful, as they do not enjoy biting on sand. The cleaning of this vegetable requires conscience as well as time.

The bunch should be placed, heads down, in water for some hours and should be shaken back and forth to dislodge the particles of earth.

Spinach is another vegetable which requires the very best attention in the cleaning line to free it from grit. After the roots have been cut off it should be washed in a number of waters and lifted out of the pan each time in loose handfuls before the water has been drained off.

Celery and lettuce and other salad plants, eaten raw, must be washed with special care. They should be searched with particular care, leaf by leaf, for insects, washed in several waters and then wiped dry with a clean cloth and put in a cold place to become crisp. Otherwise these vegetables are not eating.

Sure Cure For Dandruff

POUR over one heaping tablespoonful of soap suds and boil for five minutes. Keep in an air tight vessel for twenty-four hours, then drain off the clear portion and use the residue every night until the dandruff disappears.

While treating the scalp for dandruff it is advisable that one be very careful about the shampoo. The following liquid is excellent for this purpose, leaving the scalp beautifully clean and the hair as fluffy as one could wish. Beat the yolk of one egg into one pint of hot rainwater and add one ounce rosemary spirits. Beat the mixture well and use it warm, rubbing it well into the scalp and over the hair. Rinse in several waters and sit in the sun until the hair is dry.

A Dainty Collar

To wear with colored linen dresses a collar of sheerest muslin is most effective.

It requires a half yard of material. After cutting the collar out finish the edges with a inch wide frill of finely plaited net.

Stuffs to match may be made with rounded or square corners and edged with plaited net.

Stuffs of color is desired a row of featherstitching where the net is joined to the collar supplies it.

IN THE CULINARY WORLD

Grapefruit Cocktail.

CUT a chilled grapefruit in halves. With a sharp, thin knife remove the seeds and cut out each section of fruit. Serve the pulp with the juice in dainty glasses. Two tablespoonsful of sugar and one tablespoonful of sherry may be added to each glass or either or both may be omitted. Another method is to take grapefruit juice or lemon and orange in equal proportions. It is then sweetened to taste, flavored with maraschino and diluted just before serving with charged water and put in tall glasses with some of the grapefruit pulp and a maraschino cherry.

Refreshing Beverages.

Any fresh fruit makes a delicious drink at the time of the year when the juice squeezed from it is strained, sweetened and filled with cold soda or aerated water. Or a sirup can be made to be kept on hand by boiling the juice

Spiced Red Cabbage.

Shave a medium sized head of red cabbage and soak for half an hour in cold water, then drain as dry as possible. In a saucepan melt one heaping tablespoonful of butter and one tablespoonful of sugar, one teaspoonful of salt, one-quarter teaspoonful of pepper six whole cloves and one-half cupful of good vinegar. Add the drained cabbage, cover and cook slowly, then simmer gently for fully an hour and a half.

Light Corn Bread.

In the evening put in a mixing bowl one pint of fine cornmeal, a scant teaspoonful of salt, a tablespoonful of

sugar and a large tablespoonful of

shortening either lard or lard and butter mixed. Pour over just enough boiling water from the kettle to moisten thoroughly and mix more. Cover closely and leave for the night. Next morning add two or three well beaten eggs (according to the season), a half cupful of milk, one pint of sifted flour and as much more milk as is necessary to make a thin drop batter. Four into a well greased shallow pan and bake twenty-five minutes in a hot oven.

Boston Baked Chicken.

A chicken is cut up as for fricassee, and to each pound of the meat allow two tablespoonfuls of flour, one scant half teaspoonful of salt and a dust of pepper. Mix thoroughly and roll each piece of the chicken in the mixture. Bake in a large roasting pan and cover with boiling water. Bake for three hours and a half. Cover after ten hours if necessary, but not if it is hot. Serve in the dish in which it is baked.

The Ocean Tea Party

THE very latest at the seashore is the ocean tea party. The very original idea of entertaining friends in this unique fashion was conceived by Miss Charlotte Van Courtland Nicoll, a New York society girl, niece of the famous actress, Miss Nicoll, who is spending the summer at Long Beach, N. Y., is an accomplished swimmer. Finding that "the fascinating sport increased her appetite to such an extent while in the water that she was obliged to satisfy

MISS NICOLL AND HER FRIENDS DRINKING AFTERNOON TEA.

the "finer woman" before returning to the hotel, the idea presented itself of having afternoon tea served in the ocean.

Miss Nicoll outlined her idea to the hotel carpenter, who built a seaworthy craft with a high poop deck to hold the benches and commodious deck seats forward and midships for plates of sandwiches and cakes.

Everything being shipshape, notes were sent to several of Miss Nicoll's friends inviting them to her first ocean

tea party. After swimming about for half an hour Miss Nicoll and her friends joined a young man who was pouring tea behind the ocean going

This party proved such a success that the fair hostess issued invitations for an "ocean tea" every Friday during August at 4 p. m.

The making of such an ocean going craft is quite within the province of the amateur carpenter with a turn for nautical construction.

MISS NICOLL AND HER FRIENDS DRINKING AFTERNOON TEA.

Upward is the goal of the advertiser - While he who fails to Down'ard conceive the idea goes

Regular Meeting of Blairmore Council

The regular bi-monthly meeting of the Blairmore town council was held on Monday night, Mayor Lyon, and councillors Dutil, Farmer, Sinclair, Sparks and Secretary-Treasurer Shera being present.

The minutes of previous meeting were read and adopted. The following correspondence was read and accepted: Mayor Steadman, of Macleod, dated Oct. 1st., requesting that Blairmore be represented at Macleod during their frontier celebration and reception to the dual party, to which secretary had already replied.

Western Municipal News, Winnipeg, enclosing form to be filled out with data regarding population, etc.

A. R. Ames & Co., Toronto, re debentures.

Department of Municipal Affairs, Edmonton, requesting that money by-law be forwarded to that department for certification.

Dominion Wood Pipe Co., New Westminster, B. C., enclosing an order from W. J. Budd for the sum of \$2,841.75.

Douglas & Brown, for a water pipe extension to the new skating rink on Fourth Avenue.

E. L. Christie, stationer, etc., enclosing a small account incurred during 1911.

W. A. Henderson & Co., Winnipeg, acknowledging receipt of cheque for \$80, and accepting the appointment as auditors for the town at \$150 a year.

W. E. Evans, of the Merivale hall, re a rat in front of his premises on Dearborn street. Street committee were asked to ascertain what cost of covering the rat would amount to.

An order from W. J. Budd for \$25.75, in favor of Woods & Steele, was ordered paid.

The chief of police presented the following report from that department for the quarter ending September 30: Of 23 cases prosecuted, 21 were convicted and 2 withdrawn. Amount received from fines and costs \$207.00. Dog taxes collected \$94.00; poll taxes \$13.80; licenses \$303.00. Total number of cases prosecuted during the three quarters 79, convicted 77, withdrawn 2. Total amount received from fines and costs \$481.50, dog taxes \$405.00, poll taxes \$634.80, licenses \$1,522.25.

Chief of police also reported that during month of September one light was out for 6 days and another for 22 days on Ninth Avenue, 2 lights out for 6 days on Eighth Avenue, and one light out for three days at the corner of Eighth Avenue and Victoria Street.

These reports were accepted. A communication from the Commissioner of Conservation, Ottawa, was received and had already been answered by the secretary.

The following accounts were read and ordered paid: Dominion Express Co. \$8.80; Chief of Police, \$100; Office account \$5; Secretary \$80; D. Evelyn, for services in connection with the Blairmore hotel fire, \$15; J. C. Robertson & Co. \$30; for cleaning offices \$3; W. A. Beebe \$20; E. L. Christie \$7; telephone 50c; "Blairmore Enterprise" \$29.25; Pacific Coast Pipe Co. \$10.38; coal for office \$3.50; J. H. Lee \$12; Alberta Livery \$5.25; Cosmopolitan hotel \$30; Woods & Steele \$400.75; Dawson & Green \$438.66; Dawson & Green \$2.50; W. L. Shera, commission on arrear taxes collected \$80.50.

Farmer-Dutil-That By-Law No. 16 be read a first and second time. This by-law is to authorize the borrowing of \$15,000 to complete the waterworks system, and after receiving its first and second reading was ordered to be published for three consecutive weeks, and appears elsewhere in this issue and is recommended to the consideration of property holders of the town.

Farmer-Dutil-That By-Law No. 17 be read a first and second time. This by-law is an amendment to By-Law No. 16, respecting the tying of horses on the street, etc.

Councillor Farmer, pursuant to notice given at last meeting, introduced a by-law respecting qualifications for voters at municipal elections. On motion By-Law No. 18 was read a first time, and ordered laid over for certain corrections and amendments.

Farmer-Sparks-That further extensions contemplated this year be left to the waterworks committee; that extensions guarantee a 15 per cent. dividend on expenditure; that all contracts be taken from property owners and extend one year; that extensions not exceed 2,000 feet, and committee be empowered to do all necessary to carry on the work.

Sinclair-Farmer-That waterworks committee be empowered to enter into a contract with the West Canadian Collieries Ltd. to allow that company to take water from the town main at nearest point to their present plant, and to supply said plant at a rate of \$250 per annum, contract not to extend more than one year.

Sinclair-Dutil-That the chief of police be appointed an additional member of the cemetery committee.

Meeting adjourned at 11.52.

Baird-Kerr Nuptials

A pretty wedding took place at the residence of Mr. and Mrs. J. H. Kerr on Monday night when their second eldest daughter Miss Henrietta, was united to Samuel M. Baird. The bride was attended by her sister, Miss Bella Kerr, while Andrew Cameron supported the groom. The ceremony was performed by the Rev. J. F. Hunter in the presence of a number of friends of the contracting parties.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headache will disappear. For sale by all druggists.

Keystone Cement Company Locates

On Saturday last the subject of a new cement plant was revived by a visit of W. J. Budd, vice-president and managing director of the Keystone Cement Company. Mr. Budd came for the purpose of finalizing matters in connection with the site for the proposed works, and in company with Mr. John Ambrose, an expert builder, looked over the grounds on Saturday and Monday, and on Tuesday the definite site was staked off by Messrs. Woods & Steele, of Pincher Creek.

The site chosen is right in the gap at the east end of the town and but a short gunshot from the plant of the Rocky Mountain Cement Company.

The plant proposed will be of the most modern type and will equal in structural architecture and equipment any cement factory on the continent.

The building is being planned and will be erected under the supervision of Mr. Ambrose, an engineer and builder of vast experience. None but the best of materials and most modern designs will be used. A large number of men will be employed for the balance of this year and the winter months, to be strongly argued in the spring in an endeavor to have the plant in operation some time in the 1913 season.

The new plant will have a capacity of at least 1500 barrels of cement per day, and will employ upwards of 260 men.

The plant will be operated by electricity and will be fitted with arrators, by which all dust will be conserved and utilized to advantage within the plant.

The properties acquired by the Keystone Cement Company are about the richest in Canada. Right at their door is a great inexhaustible mountain of limestone, shale, coal and other materials necessary for the manufacture of cement and lime, and that the proposition will be a paying one there is not the slightest chance of a doubt.

The capital of the Keystone Cement Company is authorized at \$700,000, and we learn that already the bulk of the stock has been taken up by investors who recognize the greatness of the scheme.

Paul Gilmore was well received in "The Haven" at the Blairmore opera house on Tuesday night. This popular play has won unbounded favor for the competent troupe in its charge throughout the entire tour of the past many months.

The big steel bridge over the South Fork river east of Cowley has been completed, the first train going over it on Sunday last. This bridge is 1900 feet long and about 250 feet above the river bed. The structure is one of the finest pieces of bridge engineering on the C.P.R. system and cost in the neighborhood of \$1,500,000.
